

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
SAN FRANCISCO BAY REGION

ORDER NO. 79-47

ORDER AMENDING ORDER NO. 78-86, AN ORDER REQUIRING  
THE CITY OF ALAMEDA AND ALAMEDA CITY DISPOSAL COMPANY  
CLASS II-2 SOLID WASTE DISPOSAL SITE TO CEASE AND  
DESIST FROM DISCHARGING WASTES IN VIOLATION OF  
REQUIREMENTS PRESCRIBED BY THE CALIFORNIA REGIONAL  
WATER QUALITY CONTROL BOARD

The California Regional Water Quality Control Board, San Francisco Bay Region,  
finds that:

1. On November 16, 1976, this Board adopted Order No. 76-126, prescribing waste discharge requirements for the disposal of group 2 and 3 wastes for the City of Alameda and Alameda City Disposal Company, Class II-2 solid waste disposal site, hereinafter called the discharger.
2. On October 17, 1978, this Board adopted Order No. 78-86, a Cease and Desist Order, which required that the discharger submit by March 15, 1979, a detailed engineering report, time schedule and financial commitment for the implementation of facilities necessary to achieve compliance with Order No. 76-126.
3. On March 8, 1979, the discharger submitted a detailed engineering report and time schedule as required and on March 21, 1979, the discharger submitted additional information. In the March 21, 1979, submittal the City of Alameda indicated that they had a means of financing the project at its presently estimated construction cost or at a somewhat higher cost; however, they stated that they were investigating other financing methods that would provide cost savings to the City of Alameda and which could cause some delay in the compliance time schedule submitted.
4. Failure to complete the project by the November 1, 1979, date in the City of Alameda's submittal could seriously threaten to cause further delays due to adverse weather conditions during construction in the winter months.
5. On April 17, 1979, at a meeting beginning at 9:30 a.m. in the Assembly Room, State Building, 1111 Jackson Street, Oakland, California, after due notice to the discharger, and all other affected persons, the Regional Board conducted a public hearing at which the discharger appeared and evidence was received concerning the discharge.
6. The Board finds that this action is an amended order to enforce waste discharge requirements previously adopted by the Board. This action is therefore categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15121 of the Resources Agency Guidelines.

IT IS HEREBY ORDERED THAT Provisions 2 and 3 of Order No. 78-86 are deleted and replaced with the following:

- "2. The discharger shall comply with Specifications A.1., B.1., and B.4. of Order No. 76-126 according to the following time schedule:

<u>Task</u>	<u>Compliance Date</u>
a. Invitation to bids issued	by April 20, 1979
b. Bid opening	by May 11, 1979
c. Issue construction contract	by June 5, 1979
d. Start construction	by June 18, 1979
e. Complete construction and achieve full compliance	by November 1, 1979
f. Submit as-built plans of facilities constructed	by December 1, 1979

3. The discharger shall submit to the Regional Board within 10 days following the compliance dates listed in 2.a through e. and on September 1, 1979, a report, under penalty of perjury, on the status of progress made towards compliance with this Order. If noncompliance or threatened noncompliance is reported, the reasons for noncompliance and an estimated compliance date shall be provided."

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on April 17, 1979.

FRED H. DIERKER  
Executive Officer
